

Kingsley Enterprises Pty Ltd is an Australian company manufacturing, designing and supplying 4WD accessories (Busranger), automotive windows, step boards and vehicle protection components. Kingsley Enterprises will always conduct its business in an environmentally responsible manner endeavouring to minimise any impacts of its activities on the environment.

Kingsley Enterprises is committed to an Environmental Management System which meets the requirements of ISO 14001 and is committed to meet all relevant environmental International and Australian Standards, legislation, regulations and subscribed codes of practice. It provides a framework for setting, monitoring and reviewing environmental objectives and targets and resources, to ensure these objectives are met. Kingsley is continually improving our environmental performance and will adhere to the principles of cleaner production. Where practicable we will redesign products and processes to improve environmental performance and minimize waste production.

Our environmental commitments are available to the public through the Kingsley website. All employees are trained in this Environmental Policy and the Environmental Management System to ensure best environmental operating and management practices. Kingsley regularly monitors and reviews its environmental programs and ensures they are compatible with quality assurance and work health and safety systems.

Kingsley's is committed to identifying and reviewing environmental aspects and reducing its environmental impacts by conserving resources through better design and production processes, and facilitating the re-use and recycling of used packaging materials. Environmental aspects include chemicals and oils used in production, energy and water use, and packaging materials received and sent with all goods.

Environmental impacts include:

- Preventing pollution of the environment from normal, abnormal or emergency conditions by means of adequate operational controls and an emergency preparedness plan
- Where possible, substitute hazardous chemicals with more environmentally friendly alternatives
- Commitment to 'Buy recycled' policy in all areas of its business. For example the use of recycled copy paper
- Promotion of environmental best practice to suppliers, customers and end users

Kingsley will engage with state and local government authorities and the community in developing responses to issues of environmental concern as required.
